

Econo-Cage®

DISPOSABLE SYSTEM

Mouse Cage

- Low Cost
- Easy to Use
- Stores Compactly
- Eliminates Washing
- BPA Free (Bisphenol A)
- Fits Super Mouse Racks
- Ventilated or Static
- Recyclable

Econo-Cage® System
with Air Grommet.

*The task of housing rodents is complicated enough.
The Econo-Cage® system simplifies the entire process.*

Uses **Hydropac®**, Water Bottles
or Automatic Watering!

Only Two Parts

From a truly exceptional design, two things stand out ... the cage top and the cage bottom. There's nothing more to handle.

Simple Is Better

A seamlessly integrated diet unit and cage top provides excellent visibility and reduced overall handling.

Smooth Edges - Safer Handling

Made from precision injection molded FDA Grade polypropylene plastic, the Econo-Cage® is available standard or irradiated.

Featuring AllerZone™ Technology

The Econo-Cage® is completely compatible with Super Mouse Ventilated Racks & Cages, and it's the only disposable cage with AllerZone™ technology. If you already use Super Mouse housing, you don't have to buy new racks to use the Econo-Cage®.
